How to take correct measurements:

A leotard must be worn when taking measurements, *not street clothes*. Have measurements taken by the student's dance teacher if possible, making sure they leave no room for growth.

- A. Girth:** Measure from shoulder through crotch and back to start.
- B. Chest:** Measure the fullest part of the bust, keeping tape measure parallel to the floor. This is NOT your bra size.
- C. Waist:** Measure around narrowest part of the upper body.
- D. Hips:** Measure around fullest part of the lower body.
- E. Inseam:** Measure inside of leg, from crotch to two inches below ankle bone.
